

As the "editor" of this publication, I must give you a few up-front disclaimers. First of all, I tried to correct most spelling errors, but due to the fact that much of the typing took place in the wee hours--and from looking at the hand writing, much of the writing did too, I'm sure I missed some errors, and I probably created many more!

The only spelling errors I didn't try to correct were the myriad of ways people spelled Donnie Lesmeister's name. There were so many different (and creative) spellings, it was just too funny to change.

In addition, I just HAD to comment on some of the entries. I decided since I was doing all this work FOR FREE, I could take it upon myself to interject a sarcastic comment here or there.

All of us who worked on this hope you enjoy reading through all the entries as much as we did. Please try to keep in touch with Kelly Parsons or me, if and when you should move during the next ten years (we're both in the book in GF). Most of our time was spent trying to locate classmates who had apparently vanished!

One last note. We have lost our \$200 deposit on the Old Columbus Building. A few classmates took it upon themselves to steal a huge granite step from in front of the building. How old are we now??? Acting on a tip from another classmate, Kelly (Brennan) Parsons, Sheri (Palagi) Franjevic, *and their two toddlers* had to drive out south of town, rummage through the ditches by the cemeteries, and finally after two weeks of looking, Pam (Mora) Schuster, Charlie Schermele, Mary Edelberg, and others graciously helped (at 11:00pm one evening) get the thing (which had to have weighed several hundred pounds), and return it to the building. However, their efforts didn't yield the deposit--the Brummer people where less than pleased (AS ARE WE) that it was missing to begin with! There goes the money we counted on to accrue interest, and therefore defray expenses for YOUR twentieth reunion. If you have ANY idea who did this, do us a favor and let them know they aren't invited to the next event.

Except for this sour note, we hope you all had a good time, and we hope you know the committee did our best.

With Bison Pride!
Susan (Scotson) Quinn
Kelly (Brennan) Parsons

Favorite G.F.H.S. Teacher: Mr. Cusker

Thoughts you are having approaching the reunion: Very excited to see everyone, there are many people that I have not seen since high school. I am anxious to meet and see everyone's families.

Funny high school story: I would have to say my my very 1st day of school, I was extremely "stressed" out being in such a "large school" coming from a private school. I was on my way to my 1st class and of course I was late, and went into the wrong room. Everyone yelled "Sophomore!" Well, maybe not everyone yelled, it could have been only one or two people. I turned to walk out and tripped on a "AAA battery" that was lying on the floor. At the time I thought I was going to die. I think I may have been looking for the elevator. Ya know, I looked for it for three years and never did find it?!

Another memorable/funny experience was when I participated in the drama meets with Susan Scotson and we portrayed a couple of old ladies. What a riot! I work with older people everyday, and I can only hope that I can maintain a good sense of humor like the little old ladies who we portrayed. Thanks Susan, for the memories.

Hobbies and interests: Camping, canoing, hiking, a few arts and crafts, and just enjoying my family.
