**What you've done since highschool:** After high school, I got a job at Video Max Movie Rentals. I soon became assistant manager of the West Side store. The following spring, I moved up to Havre, and started studying nursing at Northern. After college, I moved back to Great Falls and went to work for a dentist as a dental assistant. Later I moved to Corpus Christi, TX. There, I went to work as a chiropractor. Not liking the humidity, heat, and the people in Texas, I moved to Denver less than a year later. I really enjoyed living in Denver. I went to work again for a dentist and also went to the U of CO part time and studied x-ray technology. I took my state boards and became licensed in dental assisting and x-ray. But after a while, I became homesick so I moved back to Great Falls in 1992. I got a job with the GF Tribune and that's where I'm still at day after day!!!! When I moved back to GF, I met a wonderful guy named Tim (he says I picked him up at the J Bar T) and we lived happily ever after since. We just has a beautiful baby girl in February.
